BIG STRIKE SETTLED.

Operators Accede to Demands Made By Scranton Convention.

GREAT VICTORY FOR THE STRIKERS.

Sliding Scale to Be Abolished by Reading and Lehigh Valley Companies — Notice of Acceptance Given To the Miners.

Philadelphia, Oct. 17.—The conference between individual coal operators and representatives of the big coal carrying companies with a view to bringing about the termination of the anthracite coal strike was resumed Wednesday in the private office of President Harris of the Reading railroad company. The meeting was secret and those taking part declined to discuss anything in connection with the strike. Those present were George F. Baer and Joseph N. Welsh, directors of the Reading company and the reputed representatives of the Morgan interests in that company; President Harris and General Manager Henderson of the Philadelphia and Reading Coal and Iron company; John B. Garrett, vice president of the Lehigh Valley Railroad company; Congressman William Connell of Scranton, an individual operator; Dr. Herbert M. Howe, representing A. Pardee & Co., and M. S. Kimmerer of Mauch Chunk, representing Kimmerer & Whitney. The conference began shortly after 9 o'clock and was in session about 15 minutes when Mr. Garrett was called to the long distance telephone for a talk with some one in New York. He returned immediately to the conference room.

The conference adjourned at 12:30 and it was announced by Mr. Baer that a statement was being prepared.

The conference resulted in agreeing to accede to the demands made by the mine workers' convention. The Philadelphia and Reading Coal and Iron company at once issued a statement in which it withdraws the notice posted Oct. 3, 1900 and to bring about practical uniformity in the advance of wages in the several coal regions, gives notice that it will suspend the operation of the sliding scale, will pay 10 per cent advance on September wages till April 1, 1901, and thereafter until further notice, and will take up with its mine employees any grievances which they may have.

The Lehigh Valley company, in whose region the sliding scale is also in operation, will issue a similar notice, as will also the individual operators who were represented at the meeting. This meets all the demands of the strikers and means the immediate ending of the strike.

Mitchell Is Pleased.

Hazleton, Pa., Oct. 17.—President Mitchell when shown the statement issued by the Philadelphia and Reading Coal and Iron company, said he would be glad indeed, to know that the anthracite operators had decided to change the notices previously posted as to comply with the provisions of the resolution adopted at the Scranton convention. In the absence of definite knowledge regarding the action of other companies and the individual operators, Mr. Mitchell was cautious about talking further for publication. The strike leaders, however, think no fault can be found with the present attitude of the operators toward the strikers and although nothing is said about meeting committees representing the men, they think this is a matter that can easily be adjusted. The announcement of the action of the conferees at Philadelphia was received here with demonstrations of joy as all believe it means a speedy return to work at better wages.

Secretary Wilson Elated.

Indianapolis, Oct. 17.—W. B. Wilson, secretary-treasurer of the United Mine Workers of America, sent the following telegram to President Mitchell at Hazleton: "Have just heard from Philadelphia that the operators have accepted the terms of the Scranton convention. It is a great victory and will make our organization a power for good in the anthracite, as well as in the bituminous field, if our members will continue to pursue the same peaceful, dignified and conservative course which has characterized their actions during the present strike."

Striking Slaves Arrested.

Hazleton, Pa., Oct. 17.—The 11 Slavonian strikers alleged to have been the leaders of a riot at Onondaga last Wednesday when one private guard was killed and several persons were dangerously injured, were arrested and taken to Pottsville for a hearing. Officials of Cox & Bros. & Co., whose mine was the object of attack, caused

the arrest, but they refuse to say on what charges. At Pottsville, the men were given a hearing on the charge of rioting and the murder of Ralph Mills at Onondaga Oct. 10. They were committed to prison to await trial. George Kellner, one of the wounded deputies, recognized Thomas Marcus, a prisoner, as person who inflicted his wound.

Alabama In Service.

Philadelphia, Oct. 17.—The battleship Alabama has gone into commission. The entire crew of 550 officers and men were paraded on the forward deck when Captain Willard H. Brownson, who will command the ship, read his orders and had the flag and his pennant raised. It is expected that the battleship will join the North Atlantic squadron.

TERRIFIC TYPHOON.

Destructive Gale, Sweeps Over the Land of the Rising Sun.

Victoria, B. C., Oct. 17.—The Empress of Japan brings news that the typhoon at the close of September was felt over the entire Japanese group. A vast amount of property ashore and afloat was destroyed and there was heavy loss of life. Hundreds of houses were blown down, flooded or otherwise destroyed. At Tokio, three lives were lost. Two hundred Naniwa fishermen were blown out to sea and all are believed to have perished. A number of vessels were reported wrecked, mostly junks and small schooners. The schooner Urato Maru was stranded off Mikokujima and probably will be a total loss. The Yachigo Maru, a sailing vessel of 920 tons was wrecked in Shimizu bay and all on board were lost. The 200 ton schooner Shintoku Maru was wrecked off Karaura. At Yokohama, the wind blew 40 miles an hour and the new Christ church was destroyed.

Chicago Gas War Settled.

New York, Oct. 17.—A Wall street news bureau says the settlement of the Chicago gas war was effected at 3 a. m. at a conference at the Holland House. The Peoples Gas company will withdraw from the territory heretofore occupied by the Ogden Gas company and the Municipal Gas company, which has been the agent of the Peoples company and obtained its gas from the latter, has raised the price of gas to \$1 per 1,000 feet. This means the retirement of the Municipal Gas company from the scene of action and leaves the field to the Ogden company and the Peoples Gas company alone.

Census Taken.

Washington, Oct. 17.—The enumeration of the 12th census is completed and the enumerators are practically all paid. There were 53,000 enumerators and 297 supervisors. The cost of the enumeration will be about \$4,200,000. The factory work is also about finished. The cost of this work will be about \$250,000. The whole force of the census bureau is being concentrated on the work of tabulating statistics already gathered. The report of the census bureau when completed will occupy eight volumes of 1,000 pages each.

To Fill Vacancies.

St. Louis, Oct. 17.—The Order of Railway Telegraphers held an election to fill vacancies caused by removals made during the present convention. M. M. Dolphin of Kansas City, formerly vice president, was unanimously elected president, vice W. V. Powell, removed. T. M. Pierson, T. J. Kelly and J. M. Sinclair were elected first, second and third vice presidents respectively.

KEEP UP THEIR LICK.

No Rest For Politicians Till the Campaign Closes.

WHOOPIING IT UP LIVELY NOW.

Bryan and Stevenson Both in New York State—Roosevelt's Voice Impaired But He Continues His Ohio Tour—Hanna Rusting.

New York, Oct. 17.—William J. Bryan breakfasted with ex-Governor Stone, Congressman Richardson, his private secretary and Judge Carrow, and at 8:30 the start was made for the Grand Central depot to take a train for up-state points.

Mr. Bryan turned to State Committeeman Campbell and asked: "Do you think the Republicans rightly gauge the significance of last night's demonstration?" Several persons present answered in the negative. "The meeting carried with it," added Mr. Bryan, "its own story. It was the largest demonstration I have ever witnessed anywhere on any occasion. The enthusiasm appeared to be sincere and at all the meetings of last night my auditors appeared to be in rapport. I am perfectly satisfied."

Vice Presidential Candidate Stevenson was up and about the corridors of the Hoffman House at 6 a. m. Chairman Campbell of the Democratic state committee and James K. McGuire of the state executive committee and National Committeeman Richardson met Mr. Stevenson, and breakfast followed.

Mr. Bryan arrived at the Grand Central station at 9 o'clock and in his special car Rambler, attached to a special train left at 9:03. Before the train pulled out Mr. Bryan said his reception here had been most satisfactory in every detail.

The first stop was at Yonkers at 9:30. Mr. Bryan was received by a throng of people and cordially greeted. Mr. Bryan spoke briefly on trusts, militarism and imperialism. He spoke five minutes from the rear platform of the Rambler to a crowd at Tarrytown. Five minute stops were made at Sing Sing, Peekskill, Cold Spring, and Fishkill. At Newburg Mr. Bryan and his party remained an hour.

Roosevelt's Ohio Tour.

Toledo, O., Oct. 17.—Governor Roosevelt made his first speech of the day at Delaware, arriving there at 8:15 a. m., addressing an audience that crowded Gray chapel, Ohio Wesleyan university, which has a seating capacity for 3,500 people. The chapel was filled at 6 o'clock with citizens and university students. Dr. Holbrook Curtis of New York, who joined the governor's party at Columbus, is treating the governor's throat and has ordered him to make no long speeches. He says the governor's throat is in bad condition, but that with care it will endure the campaign. Marion was reached at 9:20 o'clock, and a large crowd met the train at the depot. Governor Roosevelt reached Carey at 10:40 a. m., making a 10-minute stop. As at Marion, he spoke only two minutes, explaining that his physician had forbidden long speeches, and was followed by Colonel Curtis Guild, jr. At Toledo Governor Roosevelt was met by the largest crowd of the day and the most enthusiastic. There was a parade with two bands and the streets were decorated in his honor. A half hour stop was made at Fostoria, where Governor Nash spoke at the conclusion of Governor Roosevelt's remarks. Stops were made at Pemberville, Fremont, Clyde, Bellevue, Norwalk and Elyria en route to Cleveland, where the governor spoke at night. Thursday morning he will leave Cleveland for Wheeling, speaking on the way at Canton and Navarre. A speech had been planned for Akron, but as the train will pass there at 5 a. m., the governor declined to speak.

Hanna's Busy Day.

Aberdeen, S. D., Oct. 17.—The actual hard work of the campaigning tour of Senator Hanna through the northwest began at an early hour at Redfield, where a large crowd met the train. The air was stinging cold. At Northville the train made a brief stop. At Aberdeen was one of the most important meetings of the day, the train stopping an hour.

Prohibition Train.

Allentown, Pa., Oct. 17.—The Prohibition train left Scranton, Pa., early and made the first stop at Wilkes-Barre. The next stop was at Allentown, where an open air meeting was held in Monument Square. Paterson, N. J., was reached at 7 o'clock for the first evening meeting, after which John G. Woolley spoke in New York.

YOUTSEY'S TRIAL.

Paper Produced Containing Statements Attributed to Youtsey.

Georgetown, Ky., Oct. 17.—Bulletins from Youtsey's sick room Wednesday morning announced that he was better, having passed a restless night without any serious paroxysms. Jim Howard, who is under sentence of death, was in court when it convened. Dr. J. A. Mahaffey, Republican legislator, was the first witness. He said Berry Howard was in the house lobby when the shooting occurred. William Lewis, another legislator from Leslie county, said he saw Berry Howard in the house lobby when the shots were fired. Several witnesses were called to prove Youtsey's good character. Robert Hazlerock, the Georgetown gunsmith, gave expert testimony as to the bullet found in the hackberry tree.

E. C. Wolf, photographer at Frankfort, said he took a photograph of the executive building about 40 minutes after the shooting and the windows in Powers' office were down.

Colonel L. J. Crawford, half-brother of Youtsey, told of a conference he and Nelson had with Colonel Campbell and Arthur Goebel in Frankfort as follows: Colonel Campbell acted as spokesman, and said he believed Youtsey knew something about the killing of Goebel. Campbell produced a paper, which he said entertained statements that Youtsey had made to him, and that he wanted Youtsey to sign the papers. I told him I did not believe Youtsey had made any such statements to him. Arthur Goebel then said: "We believe Youtsey knows who fired the shot and who was in that room." Colonel Nelson was put on the stand and corroborated Crawford as to what occurred at the conference.

Colonel Campbell produced a copy of the paper which was discussed at that first conference, and asked in detail of Colonel Nelson if such and such subject was not contained in the papers submitted to him and Crawford at the conference and then discussed. Nelson admitted that most of the matters were discussed. Nelson said he did tell Arthur Goebel and Campbell in the Gibson house in Cincinnati that Youtsey could tell some things that would be beneficial to the commonwealth in its prosecution of Governor Taylor, but did not say Youtsey knew enough to hang Taylor.

Naval Affairs.

Washington, Oct. 17.—The battleship Texas has been ordered out of commission. The colliers Pompeii and Leonidas, at League Island yard and the Hannibal at Norfolk have been ordered prepared for service. They will be equipped with merchant crews. The flagship Brooklyn, with Admiral Remy aboard, has arrived at Nagasaki on her way to Manila. The Adams has left San Diego for Magdalena bay. The surveying ship Ranger is at the Mare Island yard. The Wilmington has sailed from Pernambuco for St. Vincent. The Yankton has sailed from Portsmouth for Newport.

Crushed by Whirlwind.

New York, Oct. 17.—At Newark, N. J., a storm struck the Marion Linoleum company's building just being completed and destroyed it. Wind rushing through the opening formed a whirlpool inside the walls and the building collapsed like crushing an eggshell. Workmen were removing the inside and outside scaffolding. William Ruble, mason, Joseph Baumgartner mason, and Robert Ward, hod-carrier, all of Newark, were killed.

Pole Climber's Preparations.

Washington, Oct. 17.—Evelyn B. Baldwin, an ambitious explorer of the Arctic regions has secured from the state department passports and letters to consuls at the northernmost points of civilization in Europe and Asia for use in his proposed expedition to the North pole next spring. The two are thought to be quarreling.

MESSAGE OF THANKS

Sent by the Emperor of China to President McKinley.

PASSING THE PLEASANTRIES AROUND

Wu Says the Report That Edict For Punishment Was Forged Is Preposterous—Russia's Attitude Not Understood at Washington.

Washington, Oct. 17.—Minister Wu called on the president Wednesday morning. In leaving the White House he said he had conveyed to the president a message from the emperor of China thanking President McKinley for the consideration shown by the United States during the Chinese trouble. The minister also brought a dispatch from Shanghai from the southern viceroys stating that the imperial party had reached Tung Kuan, only a few miles from Sinan Fu, the new capital, Oct. 14.

Referring to the report from Peking that the edict for the punishment of certain Chinese officials had been forged, Minister Wu said such a story was preposterous and should receive no credence whatever. If any one should issue a false decree of that character, it would be very easy, he said, to ascertain his identity and he certainly would be beheaded.

Advices received by Mr. Wu gave no indication of the purpose on the part of the royal party to return to Peking, although it is believed efforts are to be made to induce the emperor to return to the capital. The emperor has heretofore sent messages of thanks to the czar of Russia and the emperor of Japan for the course their governments have pursued, and the message to the president is along the same lines.

Secretary Hay spent some time at the war department in conference with Secretary Root, after which he went to the White House. From this it was inferred there were more developments in the Chinese situation, although no statement was made by officials.

Russia's determination to pursue a policy independent of the other powers is regarded by officials here as a most important development in the situation. In the absence of official details those in authority are in doubt as to whether the Russian stroke is designed to insure Russian occupation of Manchuria or is only another movement in the pacific tendencies which the czar's government has given expression to, beginning with the announcement of the withdrawal of the Russian troops from Peking.

Think the Edict Bogus.

Peking, Oct. 17.—It is regarded as certain that the alleged imperial edict ordering the punishment of high officials was forged and was concocted with the object of preventing the advance of the allies on Pabing-fu. Both Prince Ching and Li Hung Chang deny its authenticity. Count Von Waldersee is expected to arrive here Oct. 17. Small marauding bands have become troublesome in the vicinity of the summer palace and an expedition is being organized to proceed against them.

Boxers Again Active.

Peking, Oct. 13, via Shanghai, Oct. 17.—There is renewed activity among the Boxers north of Peking. The imperial troops claim they can suppress the Boxers, but the allies may send an expedition against the rebels. United States Minister Conger and General Chaffee and Wilson returned Li Hung Chang's visit. Prince Ching and Li Hung Chang are conferring for the purpose for fixing a first date with the ministers.

Can't Vote the Stock.

New York, Oct. 17.—Vice Chancellor Emory, at Newark, N. J., granted an order restraining the holders of the syndicate stock of the Distilling company of America from voting that stock at the meeting to be held in Jersey City. The syndicate stock amounts to over \$200,000 and without it the syndicate which is composed of W. C. Whitney, P. A. B. Widener and others will not have the two-thirds necessary to carry through a proposal to reduce the capital stock of the company.

The Hague, Oct. 17.—Announcement of the betrothal of Queen Wilhelmina to Duke Henry of Mecklenburg-Schwerin in the second chamber of the Netherlands parliament was greeted with cheers. The house charged the president to transmit to the queen its congratulations.

BOURKE COCHRAN ON JEFFERSON AND MCKINLEY.

"Jefferson took territory to avoid war; McKinley is making war to take territory. Jefferson took contiguous territory to do justice and avoid the provocations of war in the future; McKinley is taking useless and remote territory, which, if he succeeds in subduing, will cause future contests without number. Jefferson took territory to incorporate into a union of states and extend over it the beneficent influence of our Constitution and the glory of our flag; McKinley is seizing territory, not to expand our Constitutional government over it, but to turn it over to officeholders, to be exploited and plundered by syndicates and favorites."

The Atlanta Constitution declares "the success of Mr. McKinley means a military establishment which will more than consume all the profits from enlarged commerce. Every cent made by manufactures of agricultural production will be expended in epaulets and powder."

IMMENSE throngs greeted the matchless Bryan in his tour of Ohio. All records for political meetings at Mansfield, Akron and Youngstown were broken. Sherman's home turning out 40,000 people to hear the eloquent Democratic leader, while at Akron the crowd was placed at 60,000. It appears from these meetings that Ohio is really in the doubtful column this fall.

The poor fellow who works hard to eke out a living is not to be pitied if he votes for McKinley and Pugh in November and then before the winter is over has to pay fifteen cents a bushel for coal to keep himself from freezing. Hanna's coal trust has got the people of the Ohio Valley in its grip and it is not done advancing prices yet, although coal is selling now for nearly five and six cents a bushel more than it did eighteen months ago.

WELL, what next? Investment companies at Owensboro are being squeezed for Republican campaign funds under threats of the issue of fraud orders against them by the Postoffice Department. They are urged to pay \$150 to \$200 each in consideration of the fact that such orders are held up. The manager of one of the Owensboro companies, who refused to be bled, has exposed the plan. This is nothing less than absolute black mail, and to aid the great party of "civil liberty" too.

BRYAN's campaign tour this year is even more remarkable than that of '96. Immense throngs greet him wherever he goes. The greatest ovations tendered him so far have been in McKinley's home State and in New York. The great Democratic leader was the object of a remarkable demonstration in New York City. Next to the Dewey ovation it was pronounced the greatest reception ever given a citizen in New York. Madison Square, Madison Square Garden and the streets for blocks were literally jammed with people. Mark Hanna will have to hurry back from the West, and call on the trusts to increase his campaign fund.

STANDARD OIL A GOLCONDA.

Forecast of a Dividend Which Makes a Year's Disbursement Half of the Hundred Millions of Stock.

NEW YORK, Oct. 16.—Standard Oil stock yesterday advanced to 583, the highest in the history of the corporation.

Dividend talk was responsible for the advance. The report of a firm that has been a buyer of Standard Oil stock declares on good authority that at least 12 per cent. will be declared.

If 12 per cent. is declared it will make an even 50 per cent. for the year, or disbursements of \$50,000,000 on a capital stock of \$100,000,000. Dividends to the amount of 38 per cent., or \$38,000,000, have so far been declared this year, the largest in the history of any American corporation, and perhaps in excess of any corporation in the world.

And still Mr. Hanna and Col. Theodore Roosevelt have the gall to tell the people there no trusts.

Notice to Contractors.

PLAYED BRADLEY.

Col. Bennett H. Young Roasts the Republican Leader.

Says He Had Guilty Knowledge of the Foul Plot to Kill Goebel, but gave No Warning.

Col. Bennett H. Young, who is to speak in Maysville next Monday afternoon, spoke at Lawrenceburg last Monday. After discussing fully the State issues, with a brief reference to trusts, he turned his attention to Ex-Governor W. O. Bradley, and said:

"Very recently Mr. Bradley has come to my town and said some spiteful and vicious things about me. I feel that I would not be true to myself or my friends if I did not present for public consideration some impressions which have been created upon the minds of Kentucky people while he was Governor and active in the management of the Republican party. It is not unreasonable that the conscience of Mr. Bradley should be aroused by events that have recently taken place, and which place him in a most discreditable position, and a position which has never been occupied by any man who has been Governor of this great Commonwealth.

"More than all the other men in Kentucky, Mr. Bradley has been responsible for bringing about the present disgraceful situation in the State. His unauthorized and unlawful use of the militia in 1896, when, crazed with fear, he called out the troops and surrounded the State House, requiring the Legislators, members of the State Government and Judges of the Court of Appeals to pass into the building on the State grounds only by his pass, and his subsequent disbandment of the regular militia of the State and calling into the service of the State militia partisans scattered through the remote parts of the State, all show that he is the head and front of this conspiracy, which has sought to disperse the civil authorities by use of soldiers, both as against the legislative and judicial departments of the State, and also against the civil authorities in the city of Louisville and elsewhere.

"First of all, it appears from the testimony of W. H. Culton, given in the trial of Powers at Frankfort on Monday, July 18, that W. O. Bradley had guilty knowledge of the fact that Goebel's life was to be taken. On that day Mr. Culton testified that Bradley had told him that something of that kind was on hand, and that 'it must not be done.' Three months have transpired since this testimony was given under oath by one of W. O. Bradley's associates and former friends, and yet he has never had the courage or the manliness to deny this terrible charge.

"Think of it, fellow citizens, a man who had been the Chief Executive of the State of Kentucky, who sat in the seat where men like Shelby, Garrard, Greenup, Clark, Crittenden, Wickliffe, Helm and Stevens sat, to have information that a citizen of Kentucky, whom Bradley himself admits was a man of great intellect and great power, was to be murdered by a lot of unprincipled assassins, and all that he ever said or did was to say that 'it must not be done.'

"A man whose heart was filled with the right impulses, who recognized the rights of his fellow-citizen, who recognized the sacredness of life, who recognized the necessity for the supremacy of the law, to carry in his bosom the knowledge that a man whom I will in a short time show was his friend and his benefactor, and yet with this scheme known to him, and with the assassins all around him, with their guns in their hands, and with the implements necessary to do this awful act, and the only response he made to it was, that 'it must not be done.'

"A good citizen, a law-abiding man, would not have been satisfied with this mere silent protest; he would have lifted up his voice from the very housetops and cried out, 'This foul murder shall not be committed.' He would have gone to the officers of the law and exposed this dreadful conspiracy, and the plans for this awful crime. He would have gone to every member of the Legislature, and said to them, 'These men have come here to destroy your lives; these men have come here to assassinate you and to murder you from the Executive building.' If this had been told to the law officers, even though madman and murderer Taylor was in the control of the militia, steps could have been taken to have prevented the consummation of this foul crime.

"When W. O. Bradley was to speak in Louisville on the 8th of October, on the afternoon of that day a paper in Louisville called his attention to the fact that this charge as to what Culton had said about Bradley's knowledge of the scheme to murder Goebel had stood uncontradicted, and that in his speech then he had an opportunity to deny the truth of this charge. But in that speech there is the

silence of death on this subject; no response and no disclaimer, and under these circumstances the world has the right to believe that what W. H. Culton said about W. O. Bradley was true, and that he knew that these people had been brought down from the mountains to murder Goebel—and all he did was simply to say 'it must not be done.'

"But, fellow-citizens, there was another reason why W. O. Bradley should not keep silent under the awful arraignment. William Goebel had been his benefactor and his protector. There was a time in W. O. Bradley's history when it was necessary for him to suppress certain publications in the Cincinnati papers which affected his integrity and his honor as a man. His Republican enemies had sent the information. Strenuous efforts had been made by his friends to keep these facts from being made public; and had they been made public they would have affected the reputation and the character of W. O. Bradley. As a last resort, and when all their avenues of escape were closed, he, or his friends, went to William Goebel and pleaded with him to save Bradley from the discredit connected with these publications. Mr. Goebel in a manly and generous spirit went to the Cincinnati papers, and, by his personal influence, prevented the publication of these things which would have put W. O. Bradley in a most unfortunate light before the people of the State. After this was done he expressed to Mr. Goebel the profoundest gratitude for this splendid service which he had rendered him in this hour of his emergency.

"When he was informed that Mr. Goebel's life was in danger, his duty as a citizen called upon him to make the fact public, and to do all in his power to save his fellow-citizen from destruction. But, in addition to the obligation resting upon him as a citizen, there was this other obligation which rested upon him toward his benefactor and his friend in his hour of need. Yet no warning voice was lifted, no kindly message was sent, no outcry was made, but when he knew that this man's life was likely to be taken, and that a conspiracy had been formed to kill him, the man who had been his benefactor and his friend, he made no effort, except a single individual protest to the men who proposed it, against the consummation of this dreadful deed.

When Everybody in Maysville Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easily proven that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mr. M. L. Spencer, grocer, of Forest avenue, says: "For many years I was troubled from the lack of proper action of the kidneys. I feared the incipient state of diabetes and learning about Doan's Kidney Pills, sold at J. Jas. Wood & Son's drug store, I procured a box. The benefit derived from its use warranted me continuing the treatment. The results obtained in the cases of others I know as well as in my own is a guarantee of the great value of Doan's Kidney Pills."

A GREAT CROWD

Greeted Congressman Cummings Last Night.
Court House Packed to the Doors
and People Turned Away.

The court house was far too small to accommodate the big crowd that turned out last night to hear Hon. Amos Cummings of New York. The room was packed and jammed to the doors and many people were turned away. The attendance shows the Democrats of Maysville and Mason County are thoroughly aroused and will give a good account of themselves on Nov. 6th.

Mr. Cummings fully maintained his reputation as an able speaker. He puts on no "frills" but deals in solid facts. The speaker devoted much of his time to the "Terrible Teddy," and scored the Republican Vice Presidential candidate in strong terms for his record in military and official life.

Mr. Cummings' speech was one of the ablest and most effective heard here in a long time.

Teddy Still Shooting in the Back.

[Washington Post.]

Teddy the Terrible makes somewhat of a San Juan Hill play when he attempts to show that the Democrats are responsible for the failure of a Republican Congress to pass an anti-trust bill.

ANDERSON-RESPESS.

Church of Nativity the Scene of Brilliant Nuptials.

Young Lexington Gentleman Claims One of Mason's Queenly Daughters for His Bride.

The marriage of Miss Lottie Baldwin Respass to Mr. Richard T. Anderson, Jr., of Lexington was solemnized at the Church of the Nativity last evening at 9 o'clock, Archdeacon McCready of the Lexington Diocese officiating.

The ceremony was witnessed by an unusually large number of relatives and friends, all the available space of the church being occupied.

The pretty little church was very handsomely decorated, the rich golden colors of the autumn maple blending with the green of the palms and other potted plants.

Mr. John Meyers, of Louisville, and Messrs. Courtney Respass, Baldwin Cartmell and Gordon Sulser officiated as ushers, while Miss Bessie McCann, of Lexington, was the maid of honor, and Mr. Jesse Gathright, of Louisville, was the groom's best man.

The bride entered with her father, and was met at the altar by Mr. Anderson and his best man, who came in from the side entrance. The beautiful and impressive marriage service of the Episcopal Church was pronounced by the Archdeacon, and after the blessings of God had been invoked upon the happy union the bridal party left to the inspiring strains of the nuptial music.

The bride was very lovely in a gown of white Louise silk trimmed in Duchess lace and white gauze ribbons. She is the only daughter of Captain and Mrs. A. C. Respass, and a granddaughter of Colonel and Mrs. W. W. Baldwin. Her many friends, while rejoicing in her happiness, regret that her new relations in life will take her from among them.

The groom is a son of Mr. Richard Anderson, a Lexington banker.

The couple left on the 10:40 train last night for a trip East, and on their return will take up their residence in an elegant home at Lexington.

The guests present from a distance were Mr. John Anderson and daughter, Miss Minnie, and Mr. Richard Anderson, of Lexington; Mr. and Mrs. Richard Gathright, and Mr. and Mrs. Joe Gathright, of Louisville; Mr. and Mrs. Clark Kidd, Mr. and Mrs. Thos. Shelby, Mr. and Mrs. W. E. McCann and Miss Bessie McCann, of Lexington; Mr. Jesse Gathright, of Louisville, and Miss Mary Stoll, of Lexington.

THE GAS SUPPLY.

An Expert Here Trying to Locate the Trouble.

For several weeks the gas company has been trying to solve a mystery. The supply of gas in up-town districts has been short. It would be all right when first turned on of evenings, but in an hour or so the supply was greatly exhausted, and in some instances the lights would flicker and go out.

The company this week summoned an expert from Cincinnati, and it is thought the trouble has been located somewhere between Short and Wall streets. A test shows the pressure at Short is all right, but at Wall it is all wrong. It is not known yet what obstructs the supply, but the expert hopes to have things all right in a few days.

NEW HAVEN, Ct., Oct. 15.—The mill of the New Haven Iron and Steel Company closed to-day, owing to a strike. Last week the company notified the puddlers that they would be obliged to reduce wages from 5 to 15 per cent. Monday. The men would not submit.

Hauled Down the Flag.
[Philadelphia Record.]

President McKinley has alienated part of the territory of the United States in Alaska of his own mere motion. In such a case names are nothing—the fact of possession is everything. The President has nominally granted a temporary privilege. Actually he has yielded up possession, which cannot be resumed without a war. British officials have replaced American officials. The change is permanent. Nine tenths of the treaties closed with the advice and consent of the Senate have been of less moment than the single act of sovereignty on the part of William McKinley.

ACCUSED OF MURDER.

Former Cleveland Man Suspected of Destroying His Child.

New York, Oct. 17.—Harry Howard Stewart, 26, of Cleveland, was arrested here on a charge of murder. Stewart left his wife and family in Cleveland two weeks ago, and came to New York, supposedly bringing with him his 3-months-old girl baby. The detective bureau received the following dispatch: "Arrest on charge of murder Harry Howard Stewart. The body of child has been found. Don't delay. He may be advised and skip." He was found working as a stenographer for the Metropolitan Insurance company. Stewart refuses to make any statements or give any information about the child. He was remanded for 48 hours in order to give the Ohio authorities an opportunity to send extradition papers.

Found in the Lake.

Cleveland, Oct. 17.—Stewart and the child disappeared nearly two weeks ago. The body of a 3-months-old baby with its throat cut from ear to ear was taken from the lake Tuesday. The police allege it is the Stewart child. Stewart's wife lived with her parents, Mr. and Mrs. E. I. Wilson at 808 Superior street. A week ago Monday Stewart arose between 1 and 2 o'clock in the morning, took the child from the bedside of its sleeping mother and left the house. He was traced to Philadelphia, but refused to return.

TEDDY'S TRIP.

Teddy Roosevelt came to town
On the tail end of a "special."
He shot nobody in the back,
And did no thing unevil.

He wore a broad-brimmed sombrero
And a pair of goggles glasses,
And for eight minutes spun his yarn
'Bout how he'd help the masses.

But then they're dead onto your game
And won't believe you, Teddy;
To change from President to King
The people can't seem quite ready.

So Ted you'll never reach your goal,
No matter how you try;
You'll never be Vice President
If you hustle till you die.

Now, Ted, the campaign's getting hot,
But we want you to live through it,
That you may write a little book
'Bout "How I Didn't Do It."
